MEMORANDUM FOR: AFHQR-P
Headquarters, USAF

SUBJECT : Duty and Travel Restrictions for Project Pilots

1. It is requested that all individuals assigned to the Office of Special Activities as Project Pilots be placed under a 2 year duty and travel restriction upon their return to USAF active duty. From a security standpoint we feel such a restriction is mandatory to avoid any possibility of assignment to risk of capture areas.

2. It is further requested that at such time as these individuals return to active USAF duty an appropriate entry be made in their personnel record in accordance with AFR 30-24.
